

### EDGE® INDUSTRIAL TINE GRAPPLE

Handling brush, awkward debris, logs and more is made easy with the right grapple. The EDGE industrial tine grapple is designed for moving heavier, hard-to-handle materials such as logs, brush and scrap materials.

### OPERATIONAL BASICS

The EDGE industrial tine grapple makes tough jobs easy. Five models range in size from 60" (1524 mm) to 84" (2133 mm). The grapples function independently to allow for uneven loads. EDGE industrial tine grapples come complete with hoses and couplers.
