

EDGE® GRADER BLADE

The EDGE grader blade attachment can turn your compact equipment into a high-performance grading machine. This attachment is ideal for sub grading and blacktop preparation..

OPERATIONAL BASICS

The EDGE grader blade features a 96" (2438 mm) blade, control box for in-cab hydraulic control of angle and tilt, and a reversible/replaceable cutting edge. The EDGE grader blade features a proportional current valve to gradually adjust the blade height, angle and tilt. It is ready to accept your laser control system for perfect grading. The EDGE grader blade comes complete with hoses and flat face couplers.

SPECIFICATIONS

Model	Weight (lbs/kg)	Width (in/mm)	Length (in/mm)	HP Req.
GA8	1200/544	96/2438	101/2565	45

FEATURES

- Perfect for sub-grading and blacktop preparation
